

PSYCHIC PORTRAIT

Postal Portrait Request

To book your Psychic Portrait, all you need to do is print this form.
Complete the name and address section below in your own writing, making sure no one else touches the form before you post it to me.

How it Works

I will use psychometry to connect with you from your hand-writing. Using my connection spirit will create, through my hands, a portrait for you from your energy.

You may request a portrait of a likeness from someone who has passed over, a portrait of your spirit guide or a picture for healing. It will be down to spirit what you will receive, as they ultimately decide the portrait that is given to you, and it will always be for your highest good.

I can give no guarantee who will come through for you.
